

# Cupcake Needle case

## Materials required

9"x4 ½"(23cmx10 ½ cm wool felt for case(this has a firmer weight)

8"x4" (20cmx10cm) felt for inner

9 ½" (24cm) of buckram (one side fusible)

or pelmet Vilene

Small amounts of fabric:-

White for icing

Brown or beige for cake

Patterned for cupcake case

Bondaweb or Steam a seam for fusing fabrics

## Method

1. Draw around each of the three shapes remembering to add the dotted line for cutting, allowing some fabric to be tucked under the piece above.
2. Cut shapes just outside the drawn line.
3. Bond to fabric (first removing the backing paper if using steam a seam).
4. Cut out on the line( dotted line where applicable)
5. Fold outer case felt in half and position cake pieces centrally, when happy with placement iron on cupcake case and remove the cake and icing. **\*\*always use baking parchment when ironing with fusibles.**
6. Either sew with neutral thread or change top thread to match fabric. Do a trial to decide on stitch length and width.
7. Zig zag stitch around cupcake case leaving top unsewn.
8. Place cake piece on top overlapping by small amount, iron and zig zag on, leaving top where icing will cover free.
9. Iron on and sew icing all round.
10. Add a cherry either a red felt circle or button.
11. Bond buckram to back of work-**ensure you have the fusible side covering your stitching.**
12. Trim to size
13. Fold case in half mark centre and sew inner felt down the fold.
14. Add your favourite needles and admire.
