

# Make a YQ Hand of Friendship Block For the National YQ Banner!

You will need two 8 inch squares of cotton fabric and Bondaweb to back one square.

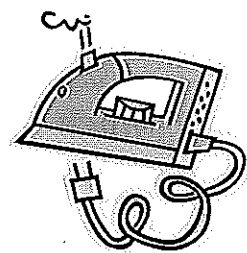

Follow these steps to make your block for the National YQ Banner:

**Step 1.** Place your hand on the Bondaweb side of square one and draw around it.

**Step 2.** Carefully cut out your hand shape and place it onto the other fabric square,

**Step 3.** Iron your hand shape onto the fabric square. Ask an adult to help you to use the iron safely.

**Step 4.** If you have been careful when cutting out your hand shape there will be large enough scraps to cut out a heart or other shape which can be ironed on and added as a decoration.

*See the back for an optional Step 5.*
